

Help for Tsunami Victims

Spokane-based Partners International immediately responded to the Tsunami crisis within days of this global tragedy by sending indigenous church planters and Christian doctors to Banda Aceh, Indonesia on December 29.

They began to deliver a truckload of supplies—5,000 blankets, food, water, used clothes, and—because they're already trained in local language and customs—words of Christ's hope.

This weekend (Jan. 8-9), two of Partners International's Area Directors are in Medan, Indonesia to help convene a meeting of indigenous and foreign Christian relief agencies to coordinate the short and long-term efforts of reaching the neediest in Aceh province. A key member of our Spokane staff is also in Indonesia to help plan our relief ministry first-hand.

To partner with us in bringing hope to people in desperate need of material help and Christian comfort, make your check payable to your church, indicating that it is for Partners International's Tsunami Relief and Development effort. Thank you!
