About Partners International

We connect the global Christian community to bring the Gospel of Jesus Christ to the least reached, least resourced places on earth. Our vision is that local ministries will be preaching the Gospel to every person and building a thriving church for every people. We believe indigenous ministries — those on the ground who know the culture, speak the language and have access to places we don't — are best equipped to reach their own people. We help them fulfill the vision God has placed in them through training, funding and other resources with the help of churches and individuals in the United States. With 75 years of experience, we've learned how partnership helps us all do more for God's Kingdom.
